

Electric Rates Change

The Public Service Commission of South Carolina approved increases in electric rates pursuant to: 1) SCE&G's annual request for revised rates under the Base Load Review Act for construction of a nuclear facility at Jenkinsville, South Carolina in Docket No. 2010-157-E and 2) the Company's establishment of Demand Side Management Programs as prescribed in Docket No. 2009-261-E. These changes will become effective for bills rendered on and after October 30, 2010.

The approved Rate 6 and Rate 8 for residential service is provided. Rates for other classes of customers may be obtained by contacting your local SCE&G office or by visiting www.sceg.com.

First 800 kWh @.....	\$.11537 per kWh	\$.11537 per kWh
Excess over 800 kWh @	\$.12720 per kWh	\$.11068 per kWh

Electric Rates Change

Energy Saver/Conservation Rate 6 is designed to reward residential customers who build or upgrade their homes to high efficiency standards, as prescribed by the Council of American Building Officials Model Energy Code. These standards are subject to change and affect ceilings, lighting, walls, floors, windows, doors, ducts, attic vents, water heaters, air conditioning, chimneys, and fireplaces.

Air conditioning standards may also be impacted by federal or state mandated energy codes. The most recent update for this requirement results in a current SEER rating of 14 or higher to qualify for service under Rate 6. This rating is subject to change as energy codes are updated or revised.

Please contact your local SCE&G office or visit sceg.com for more information and complete details on Rate 6. A Rate 6 application is also available online at www.sceg.com.
