

You have the
power
to help the environment

Palmetto Clean Energy (PaCE), a South Carolina non-profit organization, encourages the development of renewable energy sources, such as solar, wind, hydro and biomass. SCE&G makes it easy for you to contribute to the advancement of renewable energy production technologies through PaCE.

PaCE is giving you the power to make a positive impact on the environment. As little as \$4 per month helps provide 100 kilowatt-hours of renewable energy, which is about 10 percent of an average home's monthly usage.

Making a donation is easy! See back for details.

**Help us spread the word
in South Carolina!**

For every "like" to the PaCE Facebook page, SCE&G will contribute \$1 to Palmetto Clean Energy.*

CLEAN ENERGY[®]
SETTING THE PaCE FOR SOUTH CAROLINA'S FUTURE

Get
involved
and
help
the environment!

SCE&G makes it easy for you to contribute to PaCE!

- Register online at palmettocleanenergy.org to make recurring, tax-deductible contributions (for as little as \$4 per month) to PaCE via your SCE&G monthly electric bill.
- Call SCE&G toll-free **1-800-251-7234** and speak to a customer service representative to sign up.
- To make a one-time, tax-deductible contribution for any amount, please send your check (made payable to Palmetto Clean Energy) to:

Palmetto Clean Energy
Mail Code PCE, 220 Operation Way
Cayce, SC 29033-3701

Upon enrolling in the program, your name and address and the amount of your contribution will be shared with PaCE for the purpose of crediting and implementing your contribution. PaCE will not share this information with any third-party.

Visit facebook.com/palmettocleanenergy and click the **"like"** button today!

* Limited to a maximum of 2500 "likes" to the PaCE Facebook page through 7/31/2011.
