

# REBATES UP TO \$2500

for home energy improvements!

SCE&G Home Performance  
with ENERGY STAR® Program

presented by

# Watch your savings ADD UP!

SCE&G's Home Performance with ENERGY STAR Program helps you save money now and in the future with rebates of up to \$2,500 on energy-saving home improvements.

Beginning with a comprehensive home energy audit, a specially trained contractor will help you identify and install the energy-saving home improvements and solutions that best fit your home and budget. Rather than focusing on a single problem, Home Performance with ENERGY STAR looks at how improvements throughout your home can work together to give you the best results.

## Typical Improvements

- Sealing air leaks and adding insulation
- Upgrading or replacing heating and cooling systems
- Sealing and insulating ductwork
- Replacing water heating systems
