

Share the warmth.

ProjectShare

Share The Warmth.

Join Project Share in helping someone in need stay warm this winter. Through contributions to Project Share, SCE&G employees and customers provide assistance to low-income customers for winter heating bills and, in extreme health-related cases, summer bills.

Since the program began in 1986, contributions of more than \$7 million dollars have helped more than 43,000 low-income customers in towns and communities served by SCE&G. One hundred percent of Project Share contributions go to help people in need.
