

Thank you, South Carolina, as we embrace change together.

The future of energy in South Carolina is here. Dominion Energy is working to become a more sustainable company and a valued, trusted community partner. When we say sustainable, we mean a company that will last. A company that will adapt to challenges and change. A company that will help improve the quality of life in our communities and contribute to our brighter energy future.

WHAT IS CHANGING:

Company name, logos on uniforms and trucks.

Electric bills reduced by **15 percent — well below the national average.**

Philanthropic and community contributions increased by **\$1 million per year for at least five years.**

WHAT YOU CAN COUNT ON:

Safe, reliable delivery of energy.

Continued **excellent customer service** and focus on innovative improvements — even during storms.

Dedicated **employee volunteerism** and **environmental stewardship.**
