

Solar Energy Non-Residential Program Application

This form must accompany the appropriate application documents to interconnect for service under "Rider to Retail Rates – Net Energy Metering for Renewable Energy Facilities." By submitting this application, customer acknowledges that customer is obligated to comply with SCE&G's tariff, including its General Terms and Conditions for electric service, currently on file with the Public Service Commission of South Carolina ("Commission") and to comply with the Commission's rules and regulations governing electric service. All fields must be completed in order for this application to be reviewed.

Customer hereby gives notice of intent to SCE&G to operate an interconnected renewable energy generating facility pursuant to the applicable Interconnection Standard. Customer must receive approval from SCE&G to participate in the customer's program choice below prior to interconnecting to SCE&G's system.
